#### 2 Summary of significant accounting policies (continued)

#### c) Basis of consolidation

This condensed consolidated interim financial information incorporates the financial information of the Company and entity controlled by the Company. #### d) Significant accounting estimates and judgments

The preparation of the condensed consolidated interim financial information in conformity with IAS 34, requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

## e) Impact of COVID-19 and current economic scenario

The coronavirus ("COVID-19") has spread across various geographies globally, causing disruption to business and economic activities. COVID-19 has brought about uncertainties in the global economic environment. On March 11, 2020, the World Health Organisation ("WHO") officially declared COVID-19 a global pandemic. The economic fallout of COVID-19 crisis is expected to be significant and is rapidly evolving at the present time. Therefore, it is challenging now, to predict the full extent and duration of its existence on the business and economic impact. As the Group is essentially engaged in investing in financial instruments, real estate and leasing properties, short term impact may be experienced but there is no change in Management's going concern assessment or business strategy. The Group has made strategic management plans specific to its operation and taken measures to manage its liquidity, reducing expenses and placing non-essential capex plans on hold. The Group is closely monitoring the situation and manages the business indirect impact resulted from COVID-19 outbreak in order to boost the liquidity.

#### 7 Trade and other payables (continued)

Provision for claims and other legal expenses relate to a legal case filed against the Group in December 1999. The Sharjah Union Supreme Court issued its final decision dated January 29, 2019 stating the final claim amount to be paid shall include the principle and interest equal to the principle amount. The final claim amount was calculated as AED 42.408 million. The Group reversed the excess provision for claims and other legal expenses to other income amounting to AED 18.131 million, which was previously based on an earlier judgement. During the period ended March 31, 2020, the Group has paid an amount of AED 0.5 million as a partial settlement of these liabilities (Year ended December 31, 2019: AED 6.5 million), totalling to AED 7 million. Hence, the outstanding liability amounted to AED 35.4 million as at March 31, 2020, including interest (December 31, 2019: AED 35.9 million).

On March 2, 2020, the Group received a legal notice from Sharjah Court and Sharjah Land Department to attach all properties of the Group situated in the Emirate of Sharjah, United Arab Emirates. As at March 31, 2020, the total fair value of all these properties amounted to AED 198.2 million (Note 3). Consequently, the Group has appealed against this notice and requested to limit the attachment to certain properties with sufficient fair value to cover the outstanding balance.

As of the date of approval of this condensed consolidated interim financial information, there were no further progresses on the Group's legal request.

## 8 Administrative and general expenses

#### 9 Seasonality of results

The Group's income consists of rental and investment income. Rental income is not significantly affected by any seasonal impact as it depends on annual lease contracts which are recognised in the income statement on a straight-line method and in accordance with different terms of these contracts. In addition, there is limited fluctuation on the rent rates where the Group's investment properties are located. Investment income depends on market conditions, investment activities of the Group and declaration of profit by investee companies, which are of a seasonal nature. Accordingly, results of investment income for the period ended March 31, 2020 are not comparable to those relating to the comparative period and are not indicative of the results that might be expected for the year ending December 31, 2020.
